

VersaFeeder For SI92

Making the impossible possible

The VersaFeeder for SI92 allows for seamless inserting of a wide variety of mailpieces that have previously been impossible to process.

- **Applications:** It inserts anything from annual statements, pre-packaged CD's/DVD's/CD-ROM's and Business Reply Envelopes to normal 20lb bond documents.
- **Ease of use:** Because the VersaFeeder feeds from the bottom, you can load on the fly via comfortable top loading.
